A truly beautiful and moving film that every Al-Anon member should see. Produced in 1971, *Lois's Story* tells about the early days of A.A. and Al-Anon - how Lois and Bill W., against tremendous odds, built the two fellowships that now bring strength and hope to alcoholics and their families throughout the world.

This is the exciting story of the frustrations and triumphs of two people who paved the way to a better life for millions of others.

The film was produced at the recommendation of the 1971 Al-Anon World Service Conference. The generous contributions of many groups helped make this project possible.
